

ASTROPRIORAT OBSERVATORY

“Astronomy Experience”

Description: The observation sessions are an audiovisual description of the physical characteristics of the objects to be observed, such as: the Moon, planets, nebulae, star clusters, galaxies, etc. followed by a practical observation using professional telescopes of 400 and 120 mm diameter. If possible, we also try to obtain an image with a DSRL camera to any of the objects observed. We include a naked eye walk with the help of a laser pointer through the various constellations visible from El Priorat at 41° latitude. To finish and comment on the session we would offer you a glass of wine.

Most of the activities take place inside an observatory protected from the wind and the fresh air that sometimes accompany us in El Priorat. The observatory is at 378 m. of height in a wooded area.

Observatory location: Astropriorat Observatory is next to the sports and leisure area of "La Torre de Fontaubella" village. Tarragona area. Coordinates: 41° 07 '24, 11 "N, 0° 51' 49.76" E

Meeting point (Google maps): 4VF7+RJ La Torre de Fontaubella

How to join us: From Mont-roig del Camp follow the T-322 road for 16 km (20 minutes journey). From Falset via Marçà follow the roads T300 and TV3001 for 10 Km (12 minutes journey).

Observation days: Friday and Saturday. For other days please ask us.

Time schedule: The sessions begin at 10pm in the summer and at 7pm in winter. For other time please ask us. The duration is 2.5 h approximately.

Prices: The price is € 25 / person with a minimum of three. We will try to joint people of the same language but, in the case that we can't meet this minimum because they are only one or two people, the session is dedicated and the total price is € 75. We hope you understand that we can't make observations without this minimum. Thank you.

Payment: In cash after the session. We are sorry but, we do not accept credit cards.

The activities are subject to atmospheric conditions. Please confirm your session one hour in advance. Thank you.

Transportation: Not included.
