

## VIP EXPERIENCE

### Enjoy a unique experience in Priorat!

This visit is especially designed for wine lovers.

Our winery, located in the heart of the Origin Designation of the Priorat and surrounded by vineyards and the magnificent Montsant Mountains, offers a great chance to enjoy nature, crafts and authentic Priorat wines.

The manager, owner or the enologist (Xavier Buil Giné, José Sardo and César Torrijos) will guide this unique experience through the true history of the Priorat, the vineyards, our people, the ancient history of the Licorella and its evolution. You will be able to witness how some of the world's best wines are produced, and also discover the kept secrets inside each bottle.

Along the tour through the winery, the owners will share their knowledge and experience about wine in the Priorat region, and the philosophy that has inspired this project full of illusion, expectations and dedication; as Buil&Giné.
